INVITATION

20TH PRIMORJE SYNCHRO CUP

RIJEKA, CROATIA
THURSDAY, JUNE 17TH – SUNDAY, JUNE 20TH 2021

**SANJA PAVIĆ,
PRESIDENT OF THE ORGANISING COMMITTEE**

Dear synchro friends!

We cordially invite you to join us on the 20th Primorje Synchro Cup, a competition for junior and Age Group 13-15 swimmers. This year, due to the less competitions, we decided to extend our competition also for seniors. The competition already has an established tradition and regularly attracts numerous European (and world!) synchro enthusiasts.

Moderate climate, seaside location and a modern pool complex which hosted the 2016 European Synchronised Swimming Junior Championships makes participating in this competition a wonderful experience.

We would like to point out that the competition takes place a week before the European Synchronised Swimming Junior Championships in Malta, so it is a perfect opportunity to prepare and test your teams.

We are hoping you will help us share this information and join us for four days of synchro events in Rijeka!

*Faithfully yours,
Sanja Pavić*

HOW TO REACH RIJEKA

[#Rijeka](#)

[Rijeka](#)

The city's own international airport, Rijeka Airport, is located on the nearby island of Krk across the tolled Krk Bridge. Buses, with a journey time of approximately 45 minutes, operate from Rijeka city center and nearby Opatija, with a schedule based on the planned arrival and departure times of flights. Alternative nearby airports include Pula (about 90 minutes drive from Rijeka), Trieste (about 90 minutes), Ljubljana (about 2 hours), Zagreb (about 2 hours) and Venice (about 3 hours).

Rijeka has efficient road connections to other parts of Croatia and the surrounding countries; the A6 motorway connects Rijeka with Zagreb via the A1, while the A7 motorway, completed in 2004, takes you to the Slovenian border continues to Ljubljana (via Postojna) or with Trieste, Italy. The A7 acts as the Rijeka bypass motorway and facilitates access to the A8 motorway of the Istrian Y network starting with the Učka Tunnel, and linking Rijeka to Istria.

Rijeka is integrated into the Croatian railway network and international rail lines. A fully electrified railway connects Rijeka to Zagreb and beyond, towards the Hungarian border as part of Pan-European corridor Vb. Rijeka is also connected to Trieste and Ljubljana by a separate electrified line that extends northwards from the city. Rijeka has daily direct connections by train to Vienna, Munich, and Salzburg, and night trains running through Rijeka.
